

Remote Locations.....

Visiting a remote location can bring a true taste of the exotic, even when you haven't left the country.

Remote locations are exciting places to explore and offer ample opportunity for adventure, whether wild or mild. And the Furneaux Group is no different.

There are Islands to explore, wildlife to experience, wrecks to dive, and a host of other activities to make any holiday special.

The one thing that can ruin a holiday is poor planning. Please be aware that as a remote location, and as a region with a small population, the Furneaux group may not have everything you want when you want it.

This guide is to help you with your planning so that you know when you can buy fuel, groceries, fresh bread, etc.

Whether you want to camp at one of our magnificent beaches, look after yourself in one of our self-contained cottages, or completely relax and have someone else do all the cooking, you need to know the opening times for businesses on the Island.

If you are arriving on a **Sunday**, please check opening hours for business as very few are open. In Lady Barron both Furneaux Tavern and Lady Barron Store are open.

If you are on an afternoon flight you can phone a couple of days ahead and have groceries delivered to your accommodation or waiting for you at the airport.
